

SITE PERSPECTIVES

Top Left: This view looking south from Lower Afton Road shows the new bike and pedestrian trail, the welcome center, the park & ride ramp, and the pedestrian bridge over the highway.

Lower Left: This view from the rail platform looking east shows the pedestrian bridge stretching over Highway 61, and the sloping topography throughout the station area.

Top Right: Aerial view looking east towards the rail platform, bridge, and parking.

Lower Right: View looking south towards bus drop off area and pedestrian bridge.
