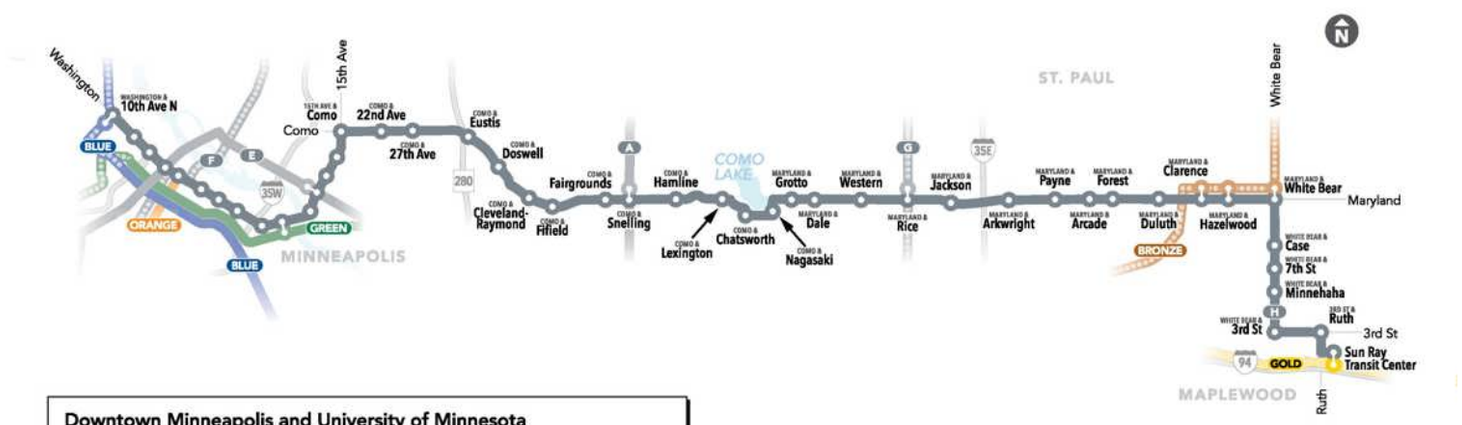
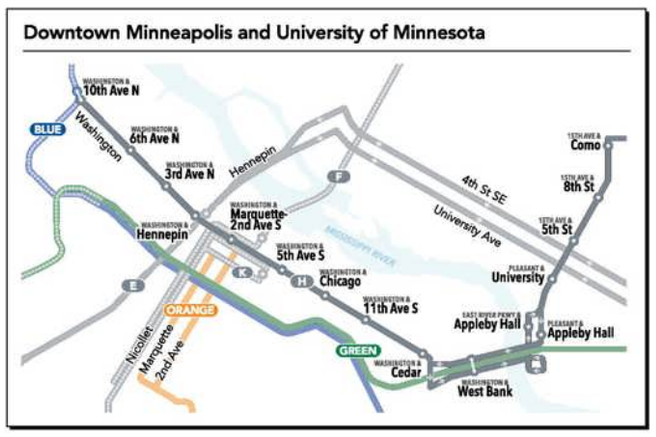
H Line Project

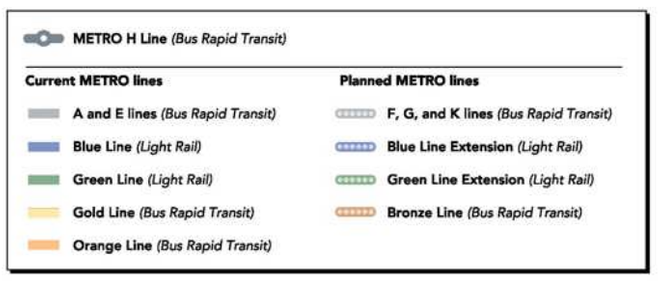
H Line Project (Como/Maryland)

METRO H Line

August 2026







What is the H Line?

The METRO H Line is a planned bus rapid transit (BRT) line. The H Line will provide fast and reliable transit service in the Como/Maryland Avenue corridor. The H Line will run from downtown Minneapolis to Sun Ray Transit Center on the east side of St. Paul.

Three new lines will serve downtown St. Paul with a transfer from the H Line. The G Line and Bronze Line will provide new downtown St. Paul service along Rice Street (G Line) and the east side (Bronze Line). New Route 66 will replace the existing Route 3B and provide service to Downtown St. Paul with a transfer from the H Line at Snelling Ave. Transit service will remain on the Energy Park Drive and Front Avenue corridor via new Route 66.

BRT is a fast and reliable transit service. BRT buses and stations are comfortable and easy to use. Learn more here or watch a short video.
