The Transportation Action Plan was adopted by the Minneapolis City Council in December 2020. The **Request for Committee Action** contains background on the legislative process and amendments made throughout the process. In April 2026, staff published a **2025 Status Update to the Transportation Action Plan**, sharing the progress made to-date on the 325 actions in the plan. The Status Update did not create or remove any actions. The website reflects the 2020 adopted plan and provides status updates and milestones as of December 2025.
